Teachers Meet.

Hartford District Association met
at Beaver Dam November 7 to 10 a.
m. House called by the chairman.

Three distinct ways of elevating the
school—discussion opened by Nettie
Rogers. I. P. Hicks being absent the
subject was discussed by others.

Prof. Taylor says the teacher must
show that he is interested in the work.
Prof. Ray says the teacher must ele-
vate himself. I. C. Hoover and R. C.
Larnagin say that an elevation of the
teachers' wages would elevate the
school.

How to study the child's mind was
ably discussed by H. E. Brown. He
thinks to study the child one must be
a close observer. Prof. Taylor would
first find out what the child likes.

The paper read by Lula Cox was
excellent.

Why are our reading circles fail-
ing?—Supt. Z. H. Shultz says it is
because the teachers are not interested
and do not understand the importance
of the work. Others say the teachers
are not paid enough to allow them to
spend much time on reading circles.

Professional training, how and
when acquired was discussed by T. J.
Small, L. T. Barnard and J. B. Tay-
lor. The best suggestions given were
"make a study of the subject" and
"read good books."

Why I think—the reasons given
were good, but too numerous to find
space for here. Noon.

Proper inducements for the student
—J. Ham Barne would fill the minds
of the pupils with high aspirations by
pointing out to them the lives of great
men; would offer prizes in lower
grades. Lou Rogers would not offer
prizes. Thinks the evil arising from
giving prizes outweighs the good.

Prof. Ray would have his pupils bear
in mind that it is expected of them to
make true men and women.

Punishments, proper and improper
—D. H. Miller thinks it depends
greatly on whom you are dealing
with. Would use the rod as the last
resort. Discussion continued by others.

Prof. Ray's sketch of Horace Mann
was enjoyed by all.

Miss Rachie Sanderfur's essay on
"teaching as stepping stone," was
full of beautiful and useful thoughts.
R. C. Jarnagin thinks teaching will
continue to be a stepping stone until
salaries are raised.

F. G. Miller made an interesting
talk on how to secure higher wages.
He says if the teachers will make a
great clamor about it their wages will
be raised. H. H. Davis would visit
the patrons, but thinks it would be
better to petition the Legislature.
Prof. Jarnagin advocates doing away
with some of the county and also
some of the States offices.

The teachers present seemed not to
have had much trouble in school but
few difficulties were presented.

The association adjourned to meet
at Hartford, December 19.

Both Got Mad.

He was a typical mountaineer from
his brogan shoes to his wool hat, and
he walked to a neighboring town to
visit relatives. It was his first visit
away from his home. The second
day after he arrived he went to the
postoffice to get a letter from his girl.

He was sure it would be there, as she
had tearfully told him she would
write him while he was away.

"Air that any mail for me?" he in-
quired of the postmaster.

"What's your name?" was the in-
quiry.

"Louder."

"I say, what's your name?" yelled
the postmaster sticking his head
through the window into the face of
the young man.

"Why, dad drat your ugly time,
I've told you three times my name
was Louder," yelled the mountaineer.

"T. J. Louder, and if yer didn't
belong to their Gov'ment I'd crawl
over that and pick your ears. Soon
as a man gets a Gov'ment job round
here he begins to put on airs, and
I'm not one to put up with it."

The postmaster fished out a letter
from a musty hole and gave it to him,
although he was mad himself.—

The Ideal Panacea.

James L. Francis, Alderman, Chi-
cago, says: "I regard Dr. King's
New Discovery as an Ideal Panacea
for Cough, Colds and Lung Com-
plaints, having used it in my family
for the last five years, to the exclu-
sion of physician's prescriptions or
other preparations."

Rev. John Burgess, Keokuk, Iowa,
writes: "I have been a Minister of
the Methodist Episcopal Church for
50 years or more, and have never
found anything so beneficial, or that
gave me such speedy relief as Dr.
King's New Discovery." Try this

W. H. Ratcliffe's name is signed to
the following communication in the
Cincinnati Independent: "I, one of the
many applicants for the post-office at
Cincinnati under the administration of
William McKinley, am perfectly will-
ing to leave it to the voice of the pa-
trons of said office to say whom they
want for postmaster under said ad-
ministration, or the entire precinct
allowing all a vote of twenty-eight
years of age and over, both ladies and
gentlemen. Election March 4, 1897,
and any man who is afraid to submit
this question to his party and friends
ought not to be recognized as any-
thing."

A Valuable Prescription.

Editor Morrison of Worthington,
Ind., "Sun," writes: "You have a
valuable prescription in Electric Bit-
ters, and I can cheerfully recommend
it for Constipation and Sick Head-
ache, and as a general system tonic
has no equal." Mrs. Annie Stehle,
2625 Cottage Grove Ave., Chicago,
was all run down, could not eat nor
digest food, had a backache which
never left her and felt tired and weary,
but six bottles of Electric Bitters re-
stored her health and renewed her
strength. Price 50 cents and \$1.00.

The Hartford Herald as Others See
It.

The following articles were taken
from week before last Grayson Eagle:

Talk about dirty, lying sheets, the
Hartford Herald takes the whole
basket. Its awful clean—nit.

Did you ever hear of the Hartford
Herald telling the truth, politically?

Not since Adam was a baby, and
there was no such thing as politics.

What a wonderfully clean sheet
that Hartford Herald must be. Won-
der who saved it so!—well never
mind its editor is not yet saved
even if the prop is.

The religious (?) Hartford Herald
says "there's something rotten in
Denmark," well we should remark.

For the past few months the Hartford
Herald, a great religious (?) weekly
edited by a weakly fellow named
Matthews, who by the way is a turn
coat and bolter, been trying to

make the people believe that buzzard
was turkey, and because the people
of Ohio county turned that religious
(?) sheet and its editor down they
must put up the cry of "something
rotten in Denmark." If there was
anything the matter with the Ford-
ville precinct why don't that empty
headed, bland, ultra-religious (?)

extremely truthful H. M. cause the
actors in the alleged fraud to be
brought to time. No he must con-
tent himself with a vile charge to
which there is neither truth nor
foundation and then claim that Bryan
got a majority of 26 in the county
Go soak your head or sleep off your
drunk.

The Hartford Herald says that Ken-
tucky can congratulate herself that
Billy Breckenridge was defeated, but
the record of Breckenridge with all
its dirt is absolutely clean beside that
of Dave Smith. Perhaps the Herald's
Editor sleeps in the same kind of bed
that this Dave Smith has been occu-
pying and in order to cover up their
cussedness must attack one who
stands head and shoulders above
them. Breckenridge has made a
name for Kentucky in Congress that
such men as Smith can never tarnish,
no matter how much they may try.

Do not for an instant think that
the Eagle upholds Breckenridge for
his cussedness, but give to the devil
his due and render unto Caesar that
which is his. A few years past and
the Herald was filled with praise for
the silver tongued orator of Kentucky
but now the Herald in its charity (?)
would add a kick instead of a helping
hand. Let Smith's record as a State
Senator be exposed, let his private
life be exposed and men who now
support him would turn away in
disgust. Smith is a disgrace to rep-
resent Kentucky in Congress.

Horace Greeley once said: "The
way to resume is to resume," speak
of again putting gold into circulation
after the war. But you may say "re-
sume" any number of times to the
torpid liver of yours and it won't
budge until you take Simmons Liver
Regulator. Many people seem to
forget that Constipation, Biliousness
and sick Headache are all caused by a
sluggish liver. Keep the liver ac-
tive.

Since the election farmers are work-
ing with new energy. The humming
of wheels (not silver wheels) and the
renewed sound of the forge indicate
the return of the American people to
prosperity.

ing with typhoid fever are thought

Rev. W. E. Cook has just closed a
four days meeting at this place. The
church was revived and some sinners
were awakened. A protracted meet-
ing began at Beulah Church Thurs-
day night.

The Republicans of this side of the
river have already decided who they
want to make the race for the various
county offices for next term. Among
the chosen are R. C. Jarnagin for
School Superintendent; S. T. Barnett
for Sheriff, and S. A. Anderson for
Circuit Court Clerk. These are all
good men and in the right place and
if they make the race the people of
this side of the river will heartily
support them.

The Colored Voters.

It gives us great pleasure that we
can begin to realize that our Govern-
ment will continue at his present place
at least until his term of office has
nearly expired. We wish him to re-
main and we hope to read of more
Republican help going to Frankfort
for the purpose of speedily improving
the condition of State affairs. We
can only ask justice to all, but as for
United States Senator some of us are
very anxious to see things turn in
favor of the Hon. Jno. W. Lewis. Our
reasons accord with those already ex-
pressed by some of the white Republi-
cans.

It has been wisely suggested that
the Town Trustees in putting step-
ping stones at the corners of the
Court House fence put down a solid
stone walk way. This would be a
great improvement over the old way
and would give the town the appear-
ance of a city. We have talked to a
number of our citizens and all seem
to favor that plan.

Mr. Hiley Taylor and Miss Lizzie
Barnes, of Beaver Dam, were married
last Tuesday. The wedding was no
surprise as the young people had
been sweethearts for a long time.
They are both popular young people
and have a large circle of friends who
join in congratulations. Mr. Taylor
is a prosperous young business man
while his bride is a young lady well
known and loved by everyone. They
will live at Beaver Dam.

The first announcement for School
Superintendent, Mr. Fon Rogers, will
be found in this issue. Mr. Rogers
is one of the foremost teachers of
Ohio county and has been teaching
and going to school for several years.
He is well qualified for the place and
is a worthy young gentleman in ev-
ery respect. He is worthy, energetic
and ambitious, and his many friends
will be glad of the opportunity to
vote for him.

Mr. Jno. T. King is announced
this week as a candidate for Jailor of
Ohio county, subject to the action of
the Republican party. Mr. King
comes from a large family of Republi-
cans and is justly popular wherever
he is known. He has had some little
experience in an official capacity,
having served as Deputy Sheriff for a
while. He is a resident of West
Hartford Precinct.

Mr. R. C. Jarnagin, of Beaver Dam,
is announced this week as a candidate
for the office of Superintendent of
Common Schools for Ohio county,
subject to the action of the Republican
party. Mr. Jarnagin is well known
to a large number of the voters of
Ohio county and will make a good
race. He is a school teacher of sev-
eral years experience and is well qual-
ified for the position.

nounced candidate for County Judge.

port of the Republicans for the nomi-
nation. He is a gentleman in every
respect and has a large acquaintance
throughout the county and will have
a large following. He is a man of
good, sound judgment and has a good
knowledge of law and should be
nominated and elected he will make
a good official.

Mr. Waggoner, the territory man
for the McCormick Harvesting
Machine Co., was in town this week.
He placed an agency at Beaver Dam
with Parrott, Taylor & Co., will sell
the machines this year. It would
now be a capital idea for our boat peo-
ple to put up a large warehouse at this
place, and then all the freight used
for the neighboring towns would be
hailed from this place. It would be
of great importance to the business
interest of Hartford.

Mr. S. G. Rhoads, of Bartlett's pre-
cinct, is announced in this week's is-
sue as a candidate for the office of
Jailor of Ohio county, subject to the
action of the Republican party. Mr.
Rhoads was the Republican nominee
in 1890 and made a magnificent race
and was only defeated by a small ma-
jority. He is justly popular where-
ver he is known and will make a good
race this time for the nomination and
should be nominated and elected he
will make a good official.

Why I left

I want to ask this question in the
face of God, to and for the good of a
certain few who frequent the house of
God, and especially on prayer meet-
ing nights, for no other motive but
to talk and laugh during divine ser-
vices and also tear up paper and scat-
ter it upon the floor.

Why is it, that this certain few
can't go to church and behave them-
selves like young ladies and gentle-
men should do?

Why is it, that they can't see it's
very rude and ugly, and altogether
unbecoming?

Why is it, that if they won't kneel
or bow their heads during prayer,
they will sit up and make fun of those
who are leading the prayer?

Why is it, yes, pray tell us why is
it that this bad conduct in the house
of God during divine services, is in-
dulged in, not altogether by outsiders
or non-church members, but by young
ladies and gentlemen who hold mem-
bership in some church?

Why is it, that they can't see and
know also that by such conduct they
are destroying public worship and
depriving those of the pleasure of en-
joying the services who go there to
do so?

Why is it they don't remain away
if they are not going to behave them-
selves after they get there?

Why is it they do not turn their
eyes inward and see how sinful and
unclean their own hearts are before
God, and then while an opportunity
is afforded unto them turn unto
the Lord who will have mercy upon
them and to our God who will abun-
dantly pardon and fit them for right
living here and after death take them
unto Himself in whose presence there
is fullness of joy and at whose right
hand there are pleasures for ever-
more?

Deaf From Catarrh.

The sufferer from catarrh, perhaps, meets with more discouragement in seeking a cure than those afflicted with all other ailments. After exhausting the skill of the best physicians, and inhaling various mixtures, paying out large sums for doctors' fees and medicines, he finds himself either as bad off as at first or a great deal worse.

The cause of this is easily explained. The disease is in the blood, and only a real blood remedy can possibly have any effect upon it. The doctors being unable, with their stereotyped remedies of potash and mercury, to cure diseases of the blood, direct their efforts toward treating the symptoms of the disease, and ignoring its cause. The inhaling of various sprays, and use of washes, is but a superficial and temporary treatment, and cannot possibly effect a cure.

Mrs. JOSEPHINE POLHILL.

Mrs. Josephine Polhill, of Due West, S. C., was for years a sufferer from this distressing complaint, and has learned by experience its tortures. She says:

"For years I was the victim of the worst case of catarrh that I ever heard of. I was treated by several doctors, and took numerous medicines claiming to cure the disease, but instead of being benefited my condition grew worse steadily."

"The trouble became so deep-seated that I was entirely deaf in one ear. It is difficult to describe my condition, but some idea of the ravages of the disease can be obtained when I state that all the inside of my nose, including part of the bone sloughed off. It can be readily understood how offensive all this was, and how unbearable my condition became. When the disease had gone this far the physician gave me up as incurable, and told me I would never be any better."

"Reading of many similar cases being cured by S. S. S., I determined to try it as a last resort. I soon discovered that all my former treatment had been wrong, as the disease was in the blood, and only a blood remedy could cure it. I began to improve at once, and grew better as I continued to take S. S. S. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease."

Catarrh is one of the deep-seated blood diseases, and only a thorough blood remedy will have any effect upon it. S. S. S. is the only blood remedy that is guaranteed and cures Catarrh, Cancer, Contagious Blood Poison, Scrofula, Rheumatism, Eczema, and all other diseases arising from impure blood. Books on blood and skin diseases will be mailed free to any address. Swift Specific Co., Atlanta, Ga.

WHY WHEAT IS UP.

Because of Reduced Supply and Increased Demand.

In 1891 the wheat harvests of Europe were extraordinarily low, and as our crop was the largest we ever harvested we had an enormous export. But since then our exports have been steadily diminishing, from 925,000,000 bushels in 1891-2 to 125,000,000 bushels in 1895-6. During this period of decreased export our wheat has been steadily increasing, and the price of wheat naturally enough tended downward. Beerholm, one of the highest authorities upon the wheat market, computes that the world's wheat crop averaged 262,000,000 quarters, of eight bushels, for the four years 1883-4, 270,000,000 for the four years 1887-90, and 304,000,000 quarters for the four years 1891-4. The estimated increase in the demand for wheat for food is 2,000,000 quarters a year, and in eight years the supply increased not 10,000,000 quarters, but 42,000,000 quarters. That the price should fall was inevitable.

But the world's available supply of wheat on July 1, according to Liverpool, was 25,000,000 bushels less than it was one year before, and the world's crop for this year is estimated by the Liverpool Corn Trade News at 90,000,000 bushels less than last year. This makes the supply 115,000,000 bushels less than the supply a year ago. The estimate of this year's crop is 95,000,000 bushels less than the average crop for the four years 1891-4. The normal increase of demand due to increase of population since the middle of the nineteenth century is such that four years ago would be about 65,000,000 bushels. The conditions are very favorable, therefore, for an advance in price. This advance, due to the buying of American grain for Europe, began very slowly. As the purchases increased, the price rose faster. When American wheat was shipped to Australia and India, both of which are accustomed to export wheat, the price jumped suddenly. Vessel room for outgoing wheat was well engaged early in the season, and only when it became evident that Europe had got to buy all we could sell and had already engaged the ships to carry it to her, did the price here rise rapidly.

The following are the lowest and highest quotations on the New York produce exchange for cash wheat, No. 2 red:

July 1.....	68 1/2	67 1/2	Sept. 15.....	69 1/2	67 1/2
July 15.....	69 1/2	66 1/2	Sept. 22.....	72 1/2	71 1/2
Aug. 1.....	68 1/2	65 1/2	Sept. 29.....	70 1/2	67 1/2
Aug. 15.....	69 1/2	66 1/2	Oct. 6.....	69 1/2	67 1/2
Sept. 1.....	69 1/2	67 1/2	Oct. 13.....	69 1/2	67 1/2
Sept. 8.....	71 1/2	68 1/2	Oct. 20.....	69 1/2	67 1/2

Now compare these rising prices with the steadily increasing exports for three months and three weeks:

	Exports of wheat, including flour, last year.	Increase over last year.
July.....	12,185,890	4,608,621
August.....	13,226,713	4,055,271
September.....	13,377,374	4,802,103
October, three weeks partly estimated.....	12,567,538	5,150,281
Total.....	54,187,506	15,226,276
